

Rohan Mehta

rohan.mehta@example.com | <https://github.com/rohan-mehta-ml>

SKILLS

Python, Flask, SQL, Docker, LangChain, OpenAI

PROJECTS

PDF Chat Assistant | Python, LangChain, Chroma

- Built a RAG application that chunks PDFs, creates embeddings stored in ChromaDB and answers questions with OpenAI models.
- Added a simple evaluation script comparing answers with a small test set.

Expense Tracker | Flask, SQLite

- Developed a Flask REST API with SQLite for tracking expenses.

EDUCATION

B.E. Information Technology, Sample Institute
